## President's Column

This is it, a big month. We have HOI fair this month, a tractor drive, and our show in Princeville. For setup, we will be meeting weekly-Thursday nights at the Princeville Museum until the show, and setting up on Friday (24th) after the tractor drive arrives in Princeville. So get those tractors ready!

As a reminder, if you plan on bringing a cake/treats for the Friday night cake walk after the chicken dinner on the 24th, please call Kathy at the museum and let her know how many. Also, very important, bring your silent auction items to the show on Saturday the 25th, as we will have a table set up. As far as the show, we could use helping hands here and there, as we are having tractor games, demonstrations, tractor driving lessons and many more display setups. See the club table, an officer, or one of the museum folks and let them know you can help.

See you at the show. Dan

In memory of Vern Guetersloh, who left us on June 8. He was always there when he was able to be, and he is greatly missed.

## Tractor Trivia

In 1966, John Deere made a big decision to "give away" millions of dollars and 6 years worth of R&D. What did John Deere give away that changed tractors forever?

### Last Month's Trivia

What was the significance of August 29, 1960 for John Deere?
