## President's Column

*Dan Wiest*

It is a crazy time of the year with so many things happening and our busy schedules. I was visiting family over the 4th of July holiday and am happy every one is doing well. Traveling across several states, you can see how the farmers crops are doing. I think my corn is better, but overall it looks like things are coming along. As our show approaches, think about sharing stories, articles, tractors, memories, or anything related to our farm heritage. If we could turn back the clock and remember when.....

## Welcome New Members
