President's Column

Dan Wiest

Well, it is tractor time! I hope you have cleaned and prepped your tractors for the show season. To me, it always starts with the Lacon show with our friends in the Marshall-Putnam Antique Association. It was another great show this year! As usual, I had some last minute prepping of my truck, as I added the sides. I think it looks great and now I can haul relics home from shows.

In the meantime, think about our show coming up. We will have our display at the Wheels O'Time and our tractor drive as we have in the past. We do need your help in setting up and being a part of the show...just ask. When you step back and look, the museum and our displays have really changed and grown. Be sure to tell your friends about the show and the museum and invite them to attend. We have new faces, and new friends this year, and we want to see more folks enjoying our meetings, club, and museum. This year, we look forward to showing off Isaiah's tractor. See you soon!

Work continues on the 620 and Isaiah is getting more prepared to take it home soon. Thanks to all who are helping with the work and monetary donations. We are now turning our focus on Summer Harvest and contacting our past sponsors and looking for new ones. Thanks goes out to all of them because without them we could not do all that we do.
