President's Column

Well, it's off to greener pastures for me. I say that because I will be working on our John Deere tractors in hopes to have them all running for next year's events. Now, to make a long story short, I have been privileged over the last five years to get to know quite a few of our members. It has been quite rewarding. I ask that you give Dan and his crew the help, patience and support that you have given me over the last five years. Wow, five years. Time flies when you are having so much fun. The next five years hold a promise of growth, fun, adventures and challenges. Let us embrace it and hit the pavement with both feet. I look forward now to settling into a new table with Kim and the kids at the meetings, and giving Dan a hard time about stuff. I look forward to seeing as many of you that can make it to the Banquet. See you there.

Sincerely,

Kevin, Kim, Claudia and Cameron.

Tractor Trivia

Last Month's Answer: When Threshing Machines are identified by Size, they are sized by two numbers, like 20-36. The first number represents the width of the cylinder (20 inches) and the second number represents the width of the separator (36 inches).

This Month's Q? – This month is more like a challenge. The Challenge: **Who has owned** (at one time or another) **the most Agricultural brands.** The top contestants will be awarded prizes!! No duplicates of brand names. For Example, Joe at one time owned 2 John Deere tractors and 1 Allis Chalmers Combine, and 3 Monitor Gas engines. This would equal 3 Brand names for Joe. **So Make your List!!!**

Vice-President's Column

Well, this will be wrapping up another year of fun we have had together. While the challenges have been many, it is good to see such strong turnouts at our show and the recent meetings. I really hope you come to our banquet this year. Even if it is the only time of the year you can make it, please make an extra effort to attend. We have important club business at hand, and would like to reminisce about 2010.

I would like to again thank Kevin, who has put a great deal of effort into the club in so many ways. As you know, this is his last month as President. I hope you can stick by us as we move to our next set of leaders. I have confidence that we will continue to take the club into growth, prosperity, and lots more fun!!

May your daydreams be of tractors and yesteryear! Enjoy, See you soon!!

Dan Wiest 309-249-2960

A note from Gary

"Thank you to the tractor club for allowing me the honor & privilege to be the Treasurer for the last 4 years. I enjoyed making new friends and also the chance to share with others about our passion for tractors through the many opportunities to speak to local groups & organizations. Thanks again."
