President column

Greetings,

I understand that in my absence, there was a great meeting with our highest attendance yet. I certainly hoped everyone had a good time. I am really happy with how far the club has come in such a short time. I hope to see you at the next meeting, as we will have an update on our sponsor drive and some updates for the Aug show, as we gear up for the season. Let us know if you have any ideas for presentations or themes for any future club meetings, or someone who might have a special topic to present to the organization. We have a safety video to present, as we prepare for the start of the spring season. I hope all remains well, and your tractor dreams come true.

Dan

Vice President Note

Hello everyone!

The daylight is lasting longer these days and in my book that's a good thing. The show in conjunction with Spoon River Ag Museum at Blackhawk College, in my opinion, was a big success - lots of good exposure for our organization. As of last meeting we now have a logo for our club, we had 3 very good entries and in the end a very close vote. I think the logo is a good representation of our club, with of course an antique tractor but as well as the farming aspect with the windmill and barn. Next meeting is at Pearce Community Center in Chillicothe, hope to see everyone there. Also, the show is listed on RFD TV's website, see link.
