President's Column

Greetings tractor folks, I am back!! Hope you had a wonderful holiday and are staying warm! I have exciting news about our winter tractor projects. First, I have my brother's 1942 Farmall H I brought back from South Dakota. It has been "in the family" since it was new. It is now all torn apart working on a ground up restoration. We are working to get it fully restored by the June Red Power Roundup back in South Dakota. It will be a race with Kim's 350! Please stay tuned with the newsletter and the next few club meetings as we follow these restorations.

Secondly, I wanted to mention all the projects we have been tackling at the Princeville Heritage Museum: buzz saw, a couple of stationary engines, and this month some tractor diagnostics. This is turning out to be quite some fun, especially because we always have treats and several good laughs at Kevin's expense...please come out and join us.

Anyhow, remember these guiding principles to tell your friends: "It always ran when it was parked!" and "It seemed like a good idea at the time!" Till next time...Dan

In Remembrance

Ernie Utt – November 11, 2013
Ernie lived in Arkansas, and he never missed any of our shows.

Art Cox – December 26, 2013
The Club meant a lot to Art – he kept his membership card on top in his wallet and was always with us when his health would allow. Art meant a lot to us also.

"The Junk Drawer" *Everybody's got one, including us!*

I'll be bringing the "drawer" to the
meetings for anything that has
served its purpose at home but
you think someone in the club
might enjoy. This can be
reading material, calendars,
household items (things that are
related to our club interests).

November Highlights

We had an awesome turnout for our
annual banquet, prizes, and of
course great food!

Several members were not able to
attend the annual Christmas parade
in Chillicothe due to assisting
tornado survivors in Washington,
and the 20-some degree weather
did not help matters any. Dedicated
Dan suited up in his Carharts to
represent the Club. Thanks Dan!

Happy New Year

Be proud if it starts, runs, and
nothing falls off. If something does
fall off, just pick it up and keep
going. If it doesn't start, make motor
noises and pretend to drive it
anyway.
