President's Column

It is that time of year to spend time reflecting on all the things you are thankful for. I hope that you all can spend some time this holiday season with family and friends and talk about what you are thankful for.

As we wonder where the year went, it is time to turn on the shop heaters and start those winter projects. We would like to know if you have any projects in the works. Send us a pic and we will put it in the newsletter.

Remember, our next meeting is in January, and we will want to make sure we have some things to talk about. Until then, let's keep those tractors bundled away and your combines tucked in the shed..... Dan

Ole Farmer's Advice:

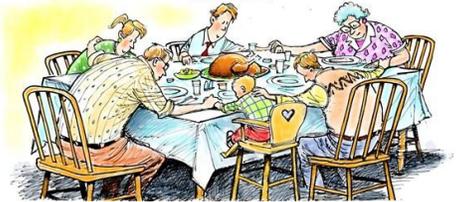

Live a good, honorable life... then when you get older and think back, you'll enjoy it a second time.

Every path has a few puddles.

Most of the stuff people worry about ain't never gonna happen anyway.

Thanksgiving...

It's not about what's on the table.
It's about what's around the table.

THANK YOU

Hit & Miss Engines Wanted

Princeville Heritage Museum is looking for people to bring their hit and miss engines to be displayed this winter in one of their buildings, now through the end of April. If you're going to put yours up, might as well be where they can be enjoyed by others. Contact Roy at roy.maguire@wildblue.net or 309-274-2683 for more details.

Our club members are thankful for...(as said at our banquet on Nov. 9)

Hopefully I was accurate on these. They were so good I started to write them down afterward. Sorry if I left anyone out! Kim

The internal combustion engine. (Terry Beachler)

God, who created agriculture. (Milt Heilman)

No accidents at any of our shows. (Pat Patterson)

Still being able to travel to the meetings. (JoAn Price)

For being able to meet new people in this club...and I don't even own a tractor! (Edie Lasswell)

...and Dan quickly replies, "We can help you with that!"

Dan and Kevin and their continued support through the years. (Bob Stokes)

That he (Cory) can finally talk to someone besides me about his tractors. (Jodi Clougherty)
