Stamps	\$ (55.00)
Ending Balance:	\$3,165.92

Savings: Starting Bal.	\$6,784.79
Interest	\$ .54
Ending Balance:	\$6,785.34

### President's Column

*Dan Wiest*

Kim sent me a note about the Farmall Land Museum in Iowa closing later this year. I hope it continues or finds someone who can keep the doors open to future generations. A visit definitely needs to be worked into the plan for this year. Places like this are a gem and a tribute to the owner's coor of choice. By the way, **red** IS a good color to pick! I think that our club has several of its own gems in our ranks. I was visiting Don and Marge Sefried, and boy, do they have a collection! A gem of their own. As you guessed it, their color of choice is **green**, and it is everywhere. John Deere EVERYWHERE! You could spend days walking through the collection, and listen to the background on the items. They also have items pertinent to the area, from ice delivery coupon books to historical pictures and memorabilia. The best part is the stories and walking back through time. I have included a picture of Don on his Cat dozer, bulldozing his way through the blizzard of January 14th 1979. Can you imagine!!

Per the Groundhog, Spring will be early, and I am getting excited. That means Spring planting and working the fields. I have big plans this year for some really big crops, and maybe some custom harvesting.... Later today I will be picking up the donated seed from Mark Monier for the oats field at the museum. We thank Mark for his support. We hope to see you at the museum at our next meeting. Bring you spring planting stories, or tell us about your hidden gems tucked away at your place. See you soon!

### Vice President's Column

*Kevin Engquist*

Hello membership.. Well I am feeling the coming of spring and spent the afternoon starting and moving equipment and parts around to make room for more. Why is it when we get rid of something, we feel the need to replace it with something. The newly acquired 1946 Caterpillar D4 is now home and safely tucked away in the shop. I will need to change all the fluids and get the pony engine running before I can get any work done with it.

Before you know it, the show will be drawing near. We have some flyers to show off, and I am looking for suggestions in regards to food service for Friday lunch and afternoon and Saturday breakfast and lunch. If you have someone in mind, let us know. I think the Roaring Twenties will be a lot of fun this year. Remember, it will be tractors, engines and cars featured from the twenties, but we have expanded that to tractor models as well. Cat 22, John Deere 620, Farmall F20. you get the idea. Hope to see as many of you that can make the next meeting.

### Announcements & Info

Send requests to Kim Engquist

### Happy Birthday

Angela Zimmerman 3/3  
Paul McKim 3/7  
Dan Wiest 3/21

### Happy Anniversary

Terry & Barb Beachler 3/29
